WHO WE ARE

Excel Healthcare Services is the name to trust in home care, staffing, nursing services, and Personal Care services. Founded in 2005, Excel team is comprised of highly qualified professionals including registered nurses, licensed practical nurses, certified nursing assistants, certified medication technicians, and more. Our experienced team take your care personally by taking the time to know you, your needs and your preferences.

From our office in Beltsville, MD, our professional caregivers and Nurses provide care either at the homes of individual clients, or health care facilities who need our In-home care and staffing services. As leaders in highly-qualified nursing care, Excel Healthcare Services is also a provider of important professional training such as medication technician certification training, first aid, and CPR. This gives us the opportunity to better train our staff to meet the needs of our clients.

MISSION

Our mission is to deliver compassionate, high quality, community-based home care; to create an environment where we set our team members up for success empowering them to provide the best in home care service to the community and to provide health care staffing services to a wide range of facilities when care outside the home is needed.

OUR SERVICES

Our services are tailored to meet our client's needs and schedule. We work with our clients beforehand to assess their needs and recommend a strategic plan of care. As their needs change, we adjust our services accordingly. Our goal at Excel is to provide you the highest level of care at an affordable price. Our services are available by the hour, set schedule and at the comfort and safety of your home, assisted living or nursing facility.
